Observations... From Around Town

(BY JAY WHOZIT)

You may have seen him around collecting old newspapers... ushering at football games... or you may have seen him assisting in an emergency... or you perhaps had seen his picture in a local newspaper when he rescued some unfortunate in distress... HE is a member of the Boy Scouts of America, and we honor him and this wonderful organization by observing Boy Scout Week, February 6-12th... if you have a son enroll him in the neighborhood troop—if you haven't become a scouting leader assist in other ways... yes, sir, if you want that new spring chapeau designed to your own personal taste, see Mrs. Jess Kell, now in charge of the hat department at Ramsey's Department Store—Mrs. Kelly was for many years designer at Godchaux's in New Orleans; owned the hat department at Town and Country, exclusive Uptown St. Chas. Ave. (N. O.) shop; and personally designed hats for many prominent New Orleans women... a news dispatch from Washington this week was to the effect that the local Coast Electric Power Association (CEA), had been awarded a loan of \$130,000.00 by the Federal Government, for use in expansion of their present lines... in case you hadn't noticed, there are five Sundays in this month of February, this is said to be a rare phenomenon, since it can happen only once in a hundred years... listening to bits of conversation here and there, one comes to the conclusion that there may be as many as a dozen candidates for Mayor in the coming July primary election, but so far NONE have officially announced their intention of entering the race for this most important city office... who will be the first to throw his (or her) hat into the ring?... perhaps it will be a good thing when the election is over, because then some one will be able to give some time to the business of repairing some of the storm damage and maybe get around to hard-surfacing certain other streets, where the taxpayers choke from dust in dry weather and wallow in mud and slush in wet weather... Tuesday is Mardi Gras Day, when we should forget our cares and troubles and join in the spirit of fun and merriment, the spirit which many are striving so hard to revive in our own city... to highlight this revival, Herman Pouillon and Lyndall Heitzmann, Bay High School students, have been chosen king and queen, respectively, of the PTA Carnival and parade, to be held Tuesday, see program elsewhere in this issue... whether or not our guess was right, as to who will reign over the S. J. A. Carnival Ball, we shall all see for our selves tonight at eight o'clock, when the fifteenth Royal couple to rule over this annual affair, will make their appearance before hundreds of loyal subjects... according to statistics released by the Mississippi State Board of Health this week, the Stork paid more than three times as many visits in Mississippi in 1947, as the Grim Reaper... this speaks well for health conditions in Mississippi... the new Magnesia plant opened in Gulfport last week, really got off on the right foot, when they waived the five-year tax exemption offered by the City of Gulfport, their president, James Hill stating that, "It takes money to run a community, just as it does a corporation, so we intend to pay our fair share of local taxes"... gosh, if only this attitude could be more prevalent among our people, wouldn't this be a grand place in which to live... effective with the April billing the Mississippi Power Co. will put into effect a new schedule of lower rates for residential and commercial electric service, benefitting some 65,000 consumers to the amount of approximately \$400,000 per year... the Little Theatre organization will attempt to raise enough money for a new theatre building... if you are civic-minded you will assist them as much as possible in this splendid undertaking.

Work of Students Of Bay High on Display At Mauffrays

Coat suits, lined and tailored, dresses and short coats from a very interesting display in the show window of the Mauffray Dry Goods Store. These articles are the handiwork of the Home Economics Department of the Bay High School, under the direction of Mrs. Erwin, Home Economics Teacher. The work shows skill, training, and talent, and is a credit to the pupils and their teacher.

International Paper Co. Have Mechanical Tree Planting Demonstration

Will Plant 160 Acres Pine Seedlings This Year On Their
Land On Mulatto Bayou—Two Men On Planter Can
Set 12,000 Acres in a Day

The International Paper Company of Creole, Miss, and Mobile, Alabama, were hosts on February 3rd, to a most interesting and instructive demonstration of planting young pines by a mechanical planter. This company recently purchased approximately 13,000 acres of land in the Mulatto Bayou area of this county. There was also an exhibition of a Caterpillar Fireline plow. The planting machine is pulled by a light tractor. It takes two men to operate the tractor and planter. These two men can plant 12,000 trees a day. This is a tremendous improvement over the former method of hand planting. Prior to the mechanical planter the best two men could do planting by hand was about 1,500 trees per day apiece or a total of 3,000 trees. Therefore the mechanical planter has a 400% advantage over hand method. Machine methods became a necessity when labor costs for hand planting increased so much in the last ten years.

The trees are planted on approximately a six foot by eight foot spacing which means that the trees planted range from 700 to 800 trees per acre. The International Paper Company expects to plant about 160 acres this spring. The fire plow is a marked improvement over former models and designs as it can be operated by one man. Because of its small size and light construction it can be easily loaded and transported on a truck from one place to another during fire seasons and thereby assist in fighting fires. After the demonstration a fine lunch was served to the guests of the Company at one of their houses on Mulatto Bayou. Mr. Fogelburg, Russell Andrews and John Laird were among the representatives of the International Paper Company present. Johnson, Shaw, Joe Jones and Jack Lott represented the Hancock County Board of Supervisors. The Bay St. Louis Chamber of Commerce and Rotary Club were represented by Howard LeTissier, Octave Delph, Leo Ford and Ted Robin. The County Agricultural Agent, C. C. Stone and the County Soil Conservation agent, James L. Bishop were also present. There were many visitors from the adjoining counties of Pearl River, Harrison and Jackson. The meeting was thoroughly enjoyed and appreciated.

Coast Electric Power Association Have Grant To Extend Lines

Additional Loan of \$130,000.00 Made To Association by
Rural Electrification Administration—Will Add 325
Miles of Lines—When Completed Association
Will Serve Over 4100 Patrons

Coast Electric Power Association has just been advised of an additional loan of \$130,000.00 from the Rural Electrification Administration. The funds are to be used to build extensions to serve farmers and other rural people who have applied for electric service since a prior loan of \$472,000.00 was obtained in June, 1946. The funds will also be used to increase the capacity of the distribution systems in Hancock, Harrison and Pearl River Counties.

C. C. Ferrell, manager of the local association, stated that work has already begun on system improvements and that approximately \$75,000.00 will be spent on this phase of the work alone. In addition, more than 325 miles of new extensions will be built to serve some 650 applicants. Work on these extensions will be started as soon as the capacity of the system is increased sufficiently to care for them. According to Mr. Ferrell, when the present construction program is completed in 1949, the Coast Electric Power Association will be serving more than 4100 patrons on some 1250 miles of distribution line and the total amount invested in the system will exceed \$1,300,000.

Mr. Ferrell stated that by mid 1949 about 95% of all rural establishments in Hancock, Harrison and Pearl River Counties seeking electric service will have been served. It is the goal of the association to achieve 100% coverage of its area.

Harnett T. Kane Reviews Book For Benefit of Library

HARNETT KANE

Harnett T. Kane, Southern gentleman and author of note, reviewed his latest book "Natchez on the Mississippi" to a large, appreciative audience at the Episcopal Parish House on Wednesday afternoon. Mr. Kane introduced "Natchez on the Mississippi" to his audience and then took them through he many interesting parts of it. Those who have visited there lived it again and those who have not had the privilege of knowing Natchez, came away with an intimate acquaintance of this beautiful historic city and its interesting people. Mr. Kane who has been described by the Washington Star as "the most popular contemporary writer of the South" has made Louisiana known to many in his books which deal with the political, historic, social and beautiful life of our sister state, went into Mississippi and did an excellent piece of work in his book about Natchez. The critic Jonathan Daniels, has said: "Scarcely any other American has done so fine a job in portraying his state as has Harnett T. Kane of Louisiana. He is one of the great literary celebrities of the modern South. This great treat was brought to Bay St. Louis through the Bay St. Louis-Hancock County Library and autographed copies of Mr. Kane's book "Natchez on the Mississippi" may be secured there.

She was the daughter of the late Mr. and Mrs. Clement Johnston of Lakeshore.

Carnival Ball To Be Held Tonight At Saint Joseph Auditorium

Annual Event For Benefit St. Joseph Academy—Sponsored by St. Joseph Mothers Club—Identity of King and Queen Creates Much Interest

Scout Executives Meet At Hotel Reed

February 6th to 12th Boy
Scout Week

The Boy Scout Executive Committee of the Bay-Pass District met at Hotel Reed on Tuesday night, February 3rd, following dinner at 6 p. m.

Those in attendance were Right Reverend Monsignor Andrew J. Gmelch, Peter Benvenuti, Assistant Scout Master, troop 217, Wilmer Thibeaux, Grand Knight of the Knights of Columbus, Harold B. Weston and his son John, William Staehle, Howard LeTissier, T. Robin, Alden Mauffray, Octave Delph, G. E. Templet, James L. Bishop, Joseph Hilscher, Jack Cole, Scout Master, Troop 216, Pass Christian and guest, Winnie Rodrigues and Elmer Scott, Field Representatives of the New Orleans Area Scout Council, and L. S. Elliott, chairman of the Bay-Pass District.

Scout work in the Bay-Pass District was discussed and plans outlined for the coming year.

The Boy Scouts will attend 7 o'clock Mass at the Church of Our Lady of the Gulf on Sunday morning February 15th, with the Knights of Columbus. Following Mass breakfast will be served at the Knights of Columbus Home to all the Boy Scouts of Bay St. Louis.

All of the Scouts are asked to attend this Mass in their uniforms. The Catholic Scouts will receive communion in a body.

During the week the Scouts are sponsoring the window displays in the Mauffray Stores.

On February 8th the Boy Scouts of America will celebrate their 38th Anniversary, and this is Boy Scout Week.

(Continued on page 8)

The St. Joseph Carnival Organization will hold their annual ball at St. Joseph Auditorium tonight, February 6th.

This affair is given annually for the benefit of St. Joseph Academy and is sponsored by the St. Joseph Mothers Club and is the social stand out of the year. It is looked forward to with much eagerness by the participants and the public. There is always much discussion to the identity of the king and queen. The Court Committee makes the selection of the parties who are to rule over the ball as king and queen, and they have learned from experience that much interest is created by keeping the names of the rulers of this gala event a secret.

The theme of the ball this year is "Waltz Time." The court will have twenty five maids and dukes and the King and Queen of last year's ball, Rene DeMontluzin, Jr., and Mrs. Flora Mauffray. The train bearers for the queen this year will be Lynnette and Peggy Kergosien.

The general chairman of the ball is Dr. James A. Evans. The floor committee chairman is Edouard C. Carriere.

The time is 9:00 p. m. Friday night February 6th, and the admission is \$1.00.

Officials Of County And City Meet With Representative Of Erosion Board

Provisions to be Met, and Act of Congress Authorizing
Aid Explained—Bill For Aid Introduced in State Senate

Following the filing of the formal application of the Board of Supervisors of Hancock County for a re-opening of the Study by the Federal Beach Erosion Board of the Beach Front in Hancock County, President Ed. P. Orte of the Board of Supervisors received advice from the Erosion Board and Senator Eastland and Congressman Colmer that Dr. M. A. Mason, its representative would meet with the Board of Supervisors on Tuesday, February 3rd.

The meeting was held at the offices of the Board of Supervisors with Mr. Orte presiding. Those in attendance in addition to Dr. Mason and Mr. Orte were Johnson S. Shaw, Jack Lott and Frank Kellar, members of the Board of Supervisors. A. C. Mitchell, clerk of the Board of Supervisors, Mayor G. Y. Blaize, Commissioner Grady Perkins, and City Attorney Lucien M. Gex, representing the City of Bay St. Louis, County Engineer J. R. Rollins, and H. B. Weston, B. J. Christianson and W. L. Dolive of the United States Engineers Office at Mobile, Ala.

Dr. Mason went at length to explain the details of the Act of Congress approved August 13th, 1946, authorizing Federal participation in the costs of protecting the shores of publicly owned property.

This act provides, "that with the purpose of preventing damage to public property and promoting and encouraging the healthful recreation of the people, it is hereby declared to be the policy of the United States to assist in the construction, but not the maintenance, of works for the improvement and protection against erosion by waves and currents of the shores of the United States that are owned by the States, municipalities, or other political subdivisions; provided, That the Federal Contribution towards the construction of protective work shall not in any case exceed one-third of the total cost: Provided further, That where a political subdivision has heretofore erected a sea wall to prevent erosion, by waves and currents, to a public highway considered by the Chief of Engineers sufficiently important to justify protection, Federal contribution toward the repair of such wall and the protection thereof by the building of an artificial beach is authorized at not to exceed one-third of the original cost of such wall.

The costs of the study to be made by the Federal Beach Erosion Board must be borne jointly by the Board of Supervisors and the Erosion Board. It is estimated that the study will cost approximately \$6,000.00.

The Board of Supervisors must elect the study they wish made, either the protection to the highway or the protection of publicly owned property. Under the first the government if they should so find in their study that the highway is of such importance that it would justify their aid, may supplement as much as one third of the cost of the work to be done, and under the second provision of the law, where a beach or other methods are employed to give added protection to the sea wall already constructed they may expend as much as one third of the original costs of such construction.

In the event that the state should declare the beach road a secondary highway and appropriate the necessary funds for the repair, which legislation was introduced in the State Senate on Wednesday by Senators Latner and Evans, the Board would elect to come under the second provision. And if this is not done, we have serious doubt whether it will be possible to come under either, for two thirds of the money to make the necessary repairs to the road would have to be put up by the local subdivisions of government which is practically an impossibility.

OUR MISSISSIPPI INCOME TAX LAW

Who Should File A Return

An annual report of net income is required, by the Mississippi State Income Tax Law, from every corporation, trust, estate, partnership, or fiduciary, regardless of the amount of gross or net income realized during the taxable period. The law is more liberal in its application to individuals. It requires a return of net income from individuals if (1) the net income exceeds the exemption and credits, and (2) if the gross income exceeds \$5,000.00. If either of these conditions are satisfied, a return should be filed in order to comply with the statute.

The second condition is considered first in that it is disposed of more easily. Gross income is gross sales less cost of sales, and, even though a net loss may be sustained during the taxable period, a return must be filed if the gross income exceeds \$5,000.00.

The first condition set forth above requires a more extended discussion. The specific exemptions are: married persons (joint), \$2,000.00; single individual, \$1,000.00; third, head of family, \$2,500.00; credit for each dependent, \$400.00; specific credit for medical expenses and insurance premiums \$300.00 for married persons (joint), and head of family, and \$200.00 for a single individual. These are annual exemptions. They are specific in that they are fixed at a certain sum. Married persons may divide the specific exemption and credits in any manner they choose, if separate returns are filed. The condition as of the last day of the year determines the status insofar as these exemptions are concerned.

except that, the death of a spouse or a dependent during the year will not change the status for that year.

Head of family, for income tax purposes, is a term applied to an unmarried person who maintains a home for himself and one or more dependents, and to which dependent he contributes the chief support. It follows that a dependent must be defined. To quote the statute, a dependent is "a natural person under the age of eighteen and receiving his chief support from the taxpayer or a natural person over the age of eighteen and mentally or physically unable to care for himself, or a student under the age of twenty-five years in school or college, who is receiving his chief support from the taxpayer." It will be readily seen that a dependent over eighteen years of age who is not mentally or physically unable to care for himself, or who is not in school or college, may not be claimed as a dependent for State Income Tax purposes. It should also be stated that a head of family may not classify himself as such unless he has one or more dependents, and many so-called heads of families do not exist for Mississippi Income Tax purposes, because their dependent does not satisfy the provisions of the statute as outlined above. This point is stressed for the reason that many individuals consider themselves as heads of family, and

are actually so, but the conditions which give rise to their belief do not satisfy the provisions of the statute, and, for income tax purposes, they cannot qualify, and therefore, by claim the exemption referred to above.

The returns filed by partnerships and fiduciaries are information returns only. This also applies to the returns by trusts and estates, in many instances. Every taxpayer who pays anyone, during a calendar year, wages, salaries, rents, interest, dividends, royalties, or income in any form, should file information return. Proper forms may be secured for that purpose from the State Tax Commission.

The Commissioner of Income Tax urges every individual, who may be supplied with a return form, to complete that form and mail it to the Tax Commission, Box 960, Jackson, Mississippi, so as to avoid the annoyance of correspondence, at a later date, concerning liability to file a return or pay a tax. The more information on file in the Tax Commission, the fewer will be the letters written relative to probable delinquencies and income tax liabilities. Our District Service offices and the office in Jackson are always ready to give advice and information, and assistance is available at any time, with respect to preparing and filing returns required by the Mississippi Income Tax Law.

Uncle Sam Says

If you don't mind blending romance and good business sense, Leap Year Day, February 29, offers the opportunity to take a look at the growth in value of United States Savings Bonds.

For example, here is what happened to the value of Savings Bonds as measured by the Leap Years:

\$25 Savings Bond — 1940, \$18.75, purchase price; 1944, \$20.00 and 1948, \$23.00.

\$50 Savings Bond — 1940, \$37.50, purchase price; 1944, \$40.00 and 1948, \$46.00.

\$100 Savings Bond — 1940, \$75.00, purchase price; 1944, \$80.00 and 1948, \$92.00.

Buy Savings Bonds through the Payroll Savings Plan where you work, or the Bond-A-Month Plan where you bank if you are self-employed. Watch your nest-egg grow, safely, surely, profitably.

—In appreciation of the work of the American Red Cross the people of Hancock County should make a spontaneous response and put the 1948 drive over in one day. You can do this by not waiting for a solicitor—see that your money reaches drive headquarters before closing time on March 1st.

Highway Commission Urge Legislature Provide Funds For Farm To Market Roads

Charges Made as to Gasoline Tax Not True, Says Commissioner—Matter For Legislature

Following his election and prior to the time that he assumed office of Highway Commissioner, John D. Smith and the other Commissioners met informally to discuss the problem confronting them, and particularly the Farm to Market Roads, and during the course of these discussions the Press of the State credited Mr. Smith with advocating the increase of the gasoline tax for this purpose, which Mr. Smith states is not true. Mr. Smith realized then, as he does now, that the matter of raising the necessary revenue to provide for

Farm to Market Roads is a matter for the legislature and not the State Highway Commission. He merely called to the attention of the people of his district to the various methods by which revenue could be raised.

At a meeting of the Highway Commission on Tuesday, January 14th., the following resolution clarifying the stand of the Commission and urging the Legislature to finance such a program.

"The matter of providing for and financing an adequate Farm-to-Market Road program for the State came

on for consideration by the Commission. John D. Smith, Sr., Commissioner of the Second Supreme Court District, proposed and read in full the following resolution and moved its adoption, to-wit:

"A Resolution requesting the Mississippi State Legislature, now in session, to provide the necessary funds for constructing needed Farm-to-Market Roads in the State. Be it resolved by the State Highway Commission that we go on record as favoring an adequate Farm-to-Market Road program; and

Be it further resolved that we urge upon the Legislature, now in session, the enactment of legislation providing for these necessary and needed roads, and that the Legislature be requested to finance this program by such means as in its opinion they deem wisest and best.

Be it further resolved that a copy of this resolution be furnished to the Chairman of the Committee on Highways and Highway Finance in both the House and the Senate and to the State press."

Roy C. Adams, Commissioner of the Third Supreme Court District seconded the adoption of the resolution and it was unanimously approved by the Commission this the 14th day of January, 1948."

SPORTS

By WANYE ALLISTON
Something new is being added this year for local boxing fans. The Bay High and St. Stanislaus ringsters are carded for a match on March 1.

This is expected to be a renewal of competition in sports between the schools that will involve football, basketball and boxing.

A little help from local people will insure the success of this venture.

LEGISLATIVE DIGEST

Jackson—It was "introduction" week in the Legislature last week, and with committees fairly well stabilized this week will see practically every important House and Senate committee beginning action on major bills.

More than 300 new bills had been introduced at week end; veteran observers said it was a record number of introductions. Meantime the new members—and a majority of this legislature are freshmen, with no previous experience—saw a lot of "introducing" among them.

Leaders in both houses predicted that committee men will begin "grinding" this week for floor action. All have bills to work on and generally, committee chairmen have promised publicly to expedite work so that there will be as little lost motion as possible. Beginning this week, the Senate meets at 10 each morning, planning to finish its floor work by around noon, so that committee meetings can occupy the afternoons; the House will meet at 1:30 p. m. leaving its mornings free for committee work. Such an arrangement is desirable because of the lack of committee room space.

Aside from new bills introduced, most legislative interest centered on reaction to Governor Fielding L. Wright's challenge to national Democratic party leaders; in his inaugural speech he said Mississippi Democrats were tired of being humiliated, and that if the party continues to back anti-segregation and anti-poll tax laws in Congress, Mississippi may break with the Democratic party in national elections. His stand was backed formally by both houses in resolutions commending his stand; later the State Democratic Executive committee also openly backed his attitude.

No bills of general interest were passed during the week; those enacted were largely non-controversial items.

New bills attracted interest; all have been assigned to committees with prospect of early action on most of them. Among new proposals

were these:

Rep. Hilton Waits (Washington) offered a bill to abolish the temporary "secret police" set up last fall to meet strike violence threats, and create a permanent Mississippi Bureau of Investigation (MBI); this would be on call for the governor, who could send police anywhere in the state on call of a circuit judge, sheriff, majority of county board, mayor of any city, or petition of majority of citizens of a city, county or beat.

Rep. Icey Day (Attala) offered a bill to appropriate \$5,000,000 for relief of counties and municipalities, based on population.

Miss Evelyn Gandy (Forrest) authorized a bill to set up a State Department of Labor, recommended in Gov. Wright's inaugural speech.

Other bills would:

Pay a bonus to veterans of World Wars I and II;

Create a law school at Alcorn A. & M. college for negroes, to be the first professional school for negroes in Mississippi;

Allow Mississippi Democrats to legally "bolt" the party in National elections, without endangering their status as "good Democrats" in state party affairs;

Set up a full-time state oil and gas board, replacing the present ex-officio board, and set state rules governing prospecting, production and drilling for oil and gas;

Cancel the 25 year lease held by the City of Jackson to the state-owned Fair Grounds, and allow the state to produce alone the State Fairs hereafter;

Provide for education for children of World War II men killed in service;

Authorize the State Highway department to establish an asphalt plant;

Establish a Workmen's Compensation program;

A series of bills would take the governor off 14 boards and commissions of which he is now ex-officio member.

And the city and port commission of Gulfport would be authorized to issue \$6,000,000 state-guaranteed bonds for development of the port and harbor there.

First floor debates heated both houses, but both on minor measures:

Congressional Sidelights by Congressman Wm. M. Colmer

MARSHALL VS. MOLOTOV PLAN

Both branches of the Congress continue hearings on the Marshall Plan for aid to stricken European countries. But as we predicted in this column a few weeks ago, the going is slow. And it becomes more and more increasingly apparent that the request of President Truman and Secretary Marshall for the full funds estimated at approximately sixteen billion dollars, will not be approved.

Moreover, the movement to place the program on a year to year basis is gaining favor. It is still too early to predict just what the ultimate outcome will be.

Of course the whole Marshall plan is based upon a 2-fold theory. The first of these theories is that the expenditure of this gigantic sum will rehabilitate the devastated countries and that they in turn will become markets for our surplus products. And, second, that such assistance to these countries will enable them to combat Russian aggression.

On the other hand, Russia has its own plan for Europe, the Molotov plan. And Russia is making rapid progress in pushing ahead her plan in Eastern Europe. Strangely enough, Russia is making this progress in spite of the fact that she is pursuing an entirely different course from that pursued by the United States and her Western allies, France and Great Britain. To illustrate, America has already contributed some fifteen billion dollars for the relief and rehabilitation of these European countries, some of which it has been charged has been siphoned off in turn to Russia. Russia, on the other hand, it is estimated has withdrawn from these European countries between twelve and thirteen billion dollars in goods and other treasures. As paradoxical as this may seem, the answer is very simple. The United States has pursued the humane course of trying to help these war ravaged countries to regain their pre-war economic status without asking for any reparations or other payments. Russia, on the contrary, has pursued the totalitarian policy of removing factories, farm produce and other goods from Germany, Austria and other war ravaged countries under the guise of reparations. Then, too, Russia through the secret police and other high-handed methods has forced these helpless countries into trade agreements which are favorable to her.

The question naturally arises whether the people of these countries like the treatment that they are getting from Russia. The answer, of course is that they do not, but the presence and near presence of the Russian Army and the present secret police and threats of deposing the local rulers place these countries within the Russian orbit in a more or less important state.

The conflict, therefore, it is apparent is on in dead earnest. The big question is will the Christian and humane efforts of America and her Western Allies prevail in this conflict, or will the totalitarian and imperialistic efforts of Stalin's Russia prevail?

News

Although farm management training under the GI Bill ordinarily is limited to one veteran on a single farm the Veterans Administration this week announced three conditions under which two veterans may take this training on the same farm.

They are:
(1) The approved training institution and VA must find that conditions on the farm will assure successful training and subsequent self-employment on the same farm for both veterans.

(2) The training of both veterans must meet all requirements specified in Public Law 377 which established the institutional on-farm training program.

(3) The two veterans must furnish documentary evidence that they have formed a bona-fide partnership with equal authority in the management and operation of the farm.

Under no circumstances will VA permit a veteran to enter training as an employer-trainee on the farm of another veteran enrolled for farm management training.

Almost 87 percent of the 203,000 World War II veterans enrolled for institutional on-farm training under the GI Bill are training on farms under their control. The remainder are training as employee-trainees on farms approved by the training institution.

Nearly 2,500,000 able-bodied veterans were in schools and on-the-job training establishments under the GI Bill near the close of 1947. The Veterans Administration has revealed. At least a half-million were in educational institutions.

Twenty-five national veterans' and welfare organizations are serving Veterans Administration hospitals on a voluntary basis as member agencies of the VA Voluntary Service National Advisory Committee.

QUESTIONS AND
ANSWERS

Q—Why is it that I can't get a reply to a letter I wrote Veterans Administration several months ago?

A—In all probability, your letter is one of the many that does not give the proper information identifying you. In many instances, research must be made before the writer is identified, the claim acted on, and a reply sent out. It is estimated, that about 20 per cent of all letters received by VA do not give sufficient information for identification.

Q—Can veterans studying overseas under the provisions of the GI

Bill qualify for benefits of the Fulbright Act?

A—World War II veterans studying overseas under the Servicemen's Readjustment Act (G-1 Bill) may receive benefits under the Fulbright Act because funds used to administer the letter were not secured from U. S. Government appropriations. The Fulbright Act is administered by the State Department.

Q—May I change the beneficiary on my NSLI by a last will or testament?

A—No. A change of beneficiary must be made by written notice to the VA over the signature of the insured, and shall not be binding on VA unless received and indorsed on the policy by VA. An original designation of beneficiary may be made by last will or testament.

—The quota has not been announced for the Red Cross Drive for 1948 as yet. It will not be less than last year. Some difficulty was encountered reaching the last quota. Won't you try to increase your contribution for this worthy cause—you have several weeks to work this out—but try and have it all ready for March 1st, so that the drive can be put over in one day.

W. B. A. MEET AT HOME OF MRS. I. W. KENMAR

On Monday, February 2nd, the regular monthly meeting of the W. B. A. was held at the home of Mrs. I. W. Kenmar.

It was decided, at this meeting, that the annual banquet will be held at Mrs. Bonneval's restaurant on March 16th. Mrs. Pearl Croy is expected to attend. Each member is permitted to bring a guest.

After the business meeting a Carnival Social was enjoyed. Prizes were awarded to Mrs. Audrey Scaife for the cutest costume and to Mrs. Yvette Anderson for the funniest. All costumes were so clever, the judges found it difficult to select the winners. The judges were Miss Louise Armstrong, Mrs. Rena White and Mr. I. W. Kenmar.

Mrs. Kenmar's home was decorated with Carnival colors and attractive masks, and delicious refreshments of hot chocolate and sandwiches were served during the course of the evening.

Funeral Services For Charles E. Taconi Held Wednesday Afternoon

Charles Edward Taconi, Jr., 50 years of age, died in the Memorial Hospital at Gulfport at 12:05 p. m. following a week's illness. His funeral was held at 3:00 o'clock on Wednesday afternoon from the Fahy Funeral Home with religious services there and at Our Lady of the Gulf Catholic Church, Rt. Rev. Monsignor Jacobi officiating. Interment was in St. Mary's cemetery.

Mr. Taconi was a native of Bay St. Louis but a resident of Gulfport. He belonged to one of the pioneer families. SCOUT EXECUTIVES MEET AT HOTEL REED

(Continued from page 1)

Scout Week, from February 6th, to February 12th, and every assistance possible should be given to these boys who ask for no special recognition, and who always do their "Daily Good Turns" without thought of reimbursement.

Their theme this year is: "The Scout Citizen at Work, in His Home, His Community, His Nation and His World."

Lets focus our thoughts on them now—give them our whole hearted support, and help them succeed in their character building mission the year around.

Scout Broadcast Saturday

While many radio programs during Scout Week will pay tribute to the work of the Boy Scouts a special program has been arranged over the network of the National Broadcasting Company on Saturday afternoon, Feb. 7th at 5:15 p. m. EST. Speaking from Hollywood Calif., will be Jack Benny, Harold Perry (The Great Gildersleeve) and Randolph Scott, motion picture actor. Speaking from Honolulu where he will be attending a Region 12 Meeting, will be Amory Houghton of Corning, New York, President of the National Council, Boy Scouts of America. J. Edgar Hoover, Director of the F. B. I. will be heard from Washington, D. C.

—Mr. and Mrs. Walter James Phillips, Emile Gex, Jr., Miss Gaynell Gex and Milton A. Phillips, Jr., left this morning for Ole Miss to attend the Mid Winter Dance at the University. The music for the occasion will be furnished by Ray McKenzie and his orchestra.

**Wesley Leroy McFarland and
Miss Rosemary Rollins Married
At Christ Episcopal Church**

Christ Episcopal Church was the scene of one of the prettiest weddings of this season on Sunday evening at 6 o'clock when Miss Rosemary Rollins, daughter of Mr. and Mrs. John Russell Rollins of this city, became the bride of Mr. Wesley Leroy McFarland, son of Mr. Wesley McFarland and the late Mrs. McFarland of Natchez, Reverend Willis G. Clark rector of Trinity Church, of Pass Christian, officiating.

The bride, given in marriage by her father, wore a wedding gown of white tulle with a long train and a fitted bodice with a lace yoke and high neckline, with a long train falling from the waistline. Her veil was of imported English lace edged with a band of Alencon lace and was held to the head with a tiara of the same lace with clusters of orange blossoms. She carried a white prayer book topped with a white orchid from which cascaded Stephanotti blooms held by loops of white ribbon.

She had as her maid of honor, her sister, Miss Alicia Rollins and as maids her cousin Miss Susanne Seaman of Bellare, Texas, and Miss Ida Stone of Okolona, Little Charlotte Seaman was flower girl. The bridesmaids and flower girls' dresses were white and flower girls' dresses were white and flower girls' dresses were white.

Mr. McFarland had as his best man Mr. Edward Littleoff and as groomsmen C. C. McDonald, Jr., and Paul E. Porter, Jr. ushers were James McConnell, Jr., and Milton A. Phillips, Jr.

The church altar was banked in white gladiolas and single candle sticks held lighted candles and branched candelabra with lighted candles stretched across the chancel, white gladiola and white satin ribbon designated seats for both families. Mrs. J. Briscoe Goldman played the traditional wedding marches for the processional and recessional.

Following the ceremony a reception was held at the Rollins home in Court Street, where Mrs. Rollins, wearing a new model of green crepe trimmed in gold sequins with a spray of gardenias in her hair, was receiving with the bridal party.

Again white flowers were used in decoration throughout the reception rooms and on the mantel a large antique container held an arrangement of white gladioli, chrysanthemums and carnations. The entire room was lighted by soft yellow candle light.

The bride's table was covered with a white linen lace cloth and centering it was the four tiered wedding cake surrounded by sprays of white gladioli and fern; four silver candle holders with lighted yellow candles at each of the four corners of the table completed the arrangement.

Here Mrs. Leo W. Seal cut and served the cake, assisted by Miss Mary Perkins. Alternating serving at the punch bowl were Mesdames Alvin P. Smith, Harold B. Weston, C. C. Ferrell and N. L. Carter. Tea girls were Mary Leigh Weston and Shelby Weston, Jean Robin and Barbara Ann Trastour.

For travelling the bride wore a three piece suit of maroon wool worn with a maroon and gray hat and grey accessories. Upon their return from their wedding trip they will be at home on the campus of the University of Mississippi.

The bride is a graduate of Bay High and attended Gulf Park College and the University of Mississippi. Mr. McFarland is a pre-med student at "Ole Miss." He did overseas duty in the U. S. Navy during the recent war.

John Edward Necaise, infant son of Mr. and Mrs. Edward Necaise, nee Eloise Collier, was baptized on Sunday, February 1, at Our Lady of the Gulf Catholic Church, the Right Reverend Monsignor A. J. Gmelch performing the baptismal rites. The sponsors were Mrs. Evelyn Carley and Tommy January. This is the second child born to this young couple, their first being a little daughter.
